

## inSPIRE Magazine – Derry Hill and Studley Matters

  
31/10/2021

Dear Chairman and Councillors,

### **Application for funding support for inSPIRE Magazine**

The Parish council very kindly helped fund the magazine in December last year with a grant of £160 and we are hoping you might support us in the year ahead.

We have kept going throughout a very difficult year, and have managed to get some new advertisers to replace those who fell out.

Currently we are issuing 10 magazines a year, 4 being hardcopy to all residents of Derry Hill and Studley. All the 10 months are sent out digitally to some 200+ subscribers.

We view information about the Parish council's activities as an important part of the magazine and are happy to have copy that, on average, fills two pages of A5, occasionally more, sometimes less.

As a guide, currently our rate for a whole A5 page of advertising is £180, but we wouldn't really expect that rate from the Parish Council as it isn't a commercial organisation, so will leave it to your discretion.

We do hope you can support our endeavour to inform and support the organisations and residents of Derry Hill and Studley.

Yours sincerely,

*Richard Aylen*
