

Maintenance of Telephone box Derry Hill

Calne Without Parish Council adopted the phone box from BT for £1, this phone box houses a defibrillator which is managed by the Derry Hill and Studley Heartbeat

As clerk it has been brought to my attention that the red telephone box in Derry Hill is in need of some maintenance. Having inspected it closer it is looking very tired and could definitely do with a tidy up. (Photos attached)

Estimates of prices for equipment taken from [Home of the British K6 Red Telephone Box \(x2connect.com\)](https://www.x2connect.com)

Item	Cost

Or	
poly carb window kit	£525 exc vat and delivery
Labour	TBC
Estimate Total (excluding labour vat and delivery)	£801.66 or £621.66

Recommendation

The committee discuss the maintenance requirements of the telephone kiosk, decide what level of work to be carried out on the kiosk and consider the submission of a community improvement idea.
