CWPC Full Council meeting 10th July 2023

Agenda Item 10

Consultation on Footpath Diversion

CWPC has been formally consulted on a Footpath diversion proposed within Compton Bassett.

The requirement to consult us comes from us having previously <u>commented</u> on a planning application that had an impact on this footpath.

The original consultation didn't reach us in time for us to discuss it within the timeframe. I therefore requested an extension so that Full Council could discuss their response.

A copy of the <u>sealed order</u> and the <u>notice</u> of making the order should be viewed before making a decision on any response to be made.

Recommendation;

The council consider the information provided and consider the official response.
